

ClearPath Fast PaymentsSM

ClearPath Fast Payments is an innovative payment offering which allows businesses to disburse funds any time, any day to you as a payee. This offering enables you to choose how you are paid – from traditional payments like direct deposit and checks to Instant Deposits. Instant Deposit allows you to receive your funds instantly, available for use any day and at any time.

Create better connections between you and your payees.

Convenience is the key value with ClearPath Fast Payments, for you and the business paying you. It puts you in control of how you receive your payment with choices offered including Instant Deposit. You will receive immediate notification of your incoming funds with a status. Instant Deposit enables instant access to your funds.

ClearPath Fast Payments lets your business:

- Receive money on any day, in any time zone, and outside of banking hours
- Receive your money immediately to any U.S. deposit account (business or personal)
- See Instant Deposits and other payments directly in your mobile and online banking apps
- Choose how you are paid from the options presented and secure your bank account information
- View transaction status as payments are delivered to you

Key Benefits

Collects and manages your bank account information without sharing this data to the business paying you

Real-time information for all payments, including traditional and Instant Deposit

Instant Deposits are either immediately disbursed or declined

Let us help your business accelerate the way you move money.
